# **Stewart Headlam Primary School Educational Visits Policy**

September 2018  
Review date:

## Context

We believe that educational visits are an integral part of the entitlement of every pupil to an effective and balanced curriculum. Appropriately planned visits are known to enhance learning and improve attainment, and so form a key part of what makes Stewart Headlam Primary School a supportive and effective learning environment. The benefits to pupils of taking part in visits and learning outside the classroom include, but are not limited to:

- Improvements in their ability to cope with change.
- Increased critical curiosity and resilience.
- Opportunities for meaning making, creativity, developing learning relationships and practicing strategic awareness.
- Increased levels of trust and opportunities to examine the concept of trust (us in them, them in us, them in themselves, them in each other).
- Improved achievement and attainment across a range of curricular subjects. Pupils are active participants not passive consumers, and a wide range of learning styles can flourish.
- Enhanced opportunities for 'real world' 'learning in context' and the development of the social and emotional aspects of intelligence.
- Increased risk management skills through opportunities for involvement in practical risk-benefit decisions in a range of contexts. ie. encouraging pupils to become more risk aware as opposed to risk averse.
- Greater sense of personal responsibility.
- Possibilities for genuine team working including enhanced communication skills.
- Improved environmental appreciation, knowledge, awareness and understanding of a variety of environments.
- Improved awareness and knowledge of the importance and practices of sustainability.
- Physical skill acquisition and the development of a fit and healthy lifestyle.

## Application

Any visit that leaves the school grounds is covered by this policy, whether as part of the curriculum, during school time, or outside the normal school day.

In addition to this Educational Visits Policy, Stewart Headlam Primary School:

1. Adopts the Local Authority's (LA) document: '**Guidance for Educational Visits and Related Activities with National Guidance & EVOLVE**' (All staff have access to this via EVOLVE).
2. Adopts National Guidance [www.oeapng.info](http://www.oeapng.info) (as recommended by the LA).
3. Uses EVOLVE, the web-based planning, notification, approval, monitoring and communication system for off-site activities.

All staff are required to plan and execute visits in line with this school policy, Local Authority policy, and National Guidelines. Staff are particularly directed to be familiar with the roles and responsibilities outlined within the guidance.

## Types of Visit & Approval

There are three 'types' of visit:

- 1. Visits/activities within the 'School Learning Area' that are part of the normal curriculum and take place during the normal school day.**

These follow the 'School Learning Area' Operating Procedure (Appendix 1).

- 2. Other non-residential visits within the UK that do not involve an adventurous activity. Eg. visits to museums, farms, theme parks, theatres, etc.**

These are entered on EVOLVE by the visit leader and submitted to the EVC for checking. The EVC then submits to the Head for approval.

- 3. Visits that are overseas, residential, or involve an adventurous activity.**

These follow 2. above, but the Head then submits the visit to the LA for approval.

## Roles and responsibilities

**Visit leaders** are responsible for the planning of their visits, and for entering these on EVOLVE (where required). They should obtain outline permission for a visit from the Head Teacher or EVC prior to planning, and before making any commitments. Visit leaders have responsibility for ensuring that their visits will comply with all relevant guidance and requirements, and should seek advice from the EVC where necessary.

**The Educational Visits Coordinator (EVC)** will support and challenge colleagues over visits and learning outside the classroom (LOtC) activities. The EVC is the first point of contact for advice on visit related matters, and will check final visit plans on EVOLVE before submitting them to the Head. The EVC sets up and manages the staff accounts on EVOLVE, and uploads generic school documents, etc.

**The Head Teacher** has responsibility for authorising all visits, and for submitting those that are overseas, residential or adventurous to the LA for approval.

**The Governing Body's** role is that of a 'critical friend'. Individual governors may be given 'read-only' access to EVOLVE.

**The Local Authority** is responsible for the final approval (via EVOLVE) of all visits that are either overseas, residential, and/or involve an adventurous activity.

## Staff Competence

We recognise that staff competence is the single most important factor in the safe management of visits, and so we support staff in developing their competence in the following ways:

- An apprenticeship system, where staff new to visits assist and work alongside experienced visit leaders before taking on a leadership role.
- Supervision by senior staff on some educational visits.
- Support for staff to attend training courses relevant to their role, where necessary.

In deciding whether a member of staff is competent to be a visit leader, the Head Teacher will take into account the following factors:

- Relevant experience.

- Previous relevant training.
- The prospective leader's ability to make dynamic risk management judgements, and take charge in the event of an emergency.
- Knowledge of the pupils, the venue, and the activities to be undertaken.

## Emergency procedures

**A critical incident is any incident where events go beyond the normal coping mechanisms and experience of the visit leadership team.**

The school has an emergency plan in place to deal with a critical incident during a visit (see Appendix 2). All staff on visits are familiar with this plan and it is tested at least bi-annually and following any major staffing changes.

When an incident overwhelms the establishment's emergency response capability, or where it involves serious injury or fatality, or where it is likely to attract media attention then assistance will be sought from the local authority.

## Educational Visits Checklist

Stewart Headlam Primary School's Educational Visits Checklist forms part of the risk management process for visits and off-site activities. This has been adapted from the LA's generic checklist. A visit should only go ahead if the answer to all relevant questions is 'YES'.

## Parental Consent

Consent is not required for activities within the School Learning Area that are part of the normal curriculum during normal school time.

Specific, (ie. one-off), parental consent must be obtained for all other visits. For these visits, sufficient information must be made available to parents (via letters, meetings, etc), so that consent is given on a 'fully informed' basis. As above, parents have the option of consenting through a traditional paper consent form.

## Inclusion

Stewart Headlam Primary School believes strongly in inclusion and we will always endeavour for all children to be able to attend educational visits regardless of their learning or physical needs. This may involve the child going with a 1:1 adult or having to take a separate mode of transport such as a taxi. However, following a thorough risk assessment if a child is assessed as posing as a danger to themselves or others on an educational visit then that child may not be permitted to attend the educational visit due to safety reasons and alternative provisions at school will be made.

## Charging / funding for visits

The school will endeavour to make many educational visits free to children and parents by using free venues such as museums as well as the free TFL school party travel tickets. However, when an educational visit has a cost the school will charge parents/carers for the whole cost of the visit. The charge will be voluntary although if the school does not receive

Stewart Headlam  
Primary School

enough contributions from parents/carers to cover the cost of the educational visit then the visit will not take place.

## **Insurance**

The school uses Tower Hamlets Local Authority insurance for educational visits.

## Appendix 1 – School Learning Area

### General

Visits/activities within the 'School Learning Area' that are part of the normal curriculum and take place during the normal school day follow the Operating Procedure below.

These visits/activities:

- do not require parental consent
- parents do need to be informed via either a letter, notice or text
- only need to be recorded on EVOLVE once if they are recurring visits. e.g. swimming lessons, sports leagues.

### Boundaries

The boundaries of the School Learning Area are any visit that the children can walk to and public transport is not needed. This area includes, but is not limited to, the following frequently used venues:

- *Weavers Field*
- *Victoria Park*
- *York Hall Leisure Centre*
- *Whitechapel Ideas store*
- *Swanlea Secondary School*
- *Museum of Childhood*

### Operating Procedure for School Learning Area

The following are potentially significant issues/hazards within our School Learning Area:

- Road traffic.
- Other people / members of the public / animals.
- Losing a pupil.
- Uneven surfaces and slips, trips, and falls.
- Weather conditions.
- Activity specific issues when doing environmental fieldwork (nettles, brambles, rubbish, etc).

**These are managed by a combination of the following:**

- The visit leader must fill out an EVOLVE form which the EVC and Head will approve.
- Only staff judged competent to supervise groups in this environment are approved. A current list of approved staff is maintained by the EVC and office.
- Effective supervision will be in place
- Staff are familiar with the area, including any 'no go areas', and have practiced appropriate group management techniques.
- Pupils have been trained and have practiced standard techniques for road crossings in a group.
- Where appropriate, pupils are fully briefed on what to do if they become separated from the group.

- All remotely supervised work in the School Learning Area is done in 'buddy' pairs as a minimum.
- Pupils' clothing and footwear is checked for appropriateness prior to leaving school.
- Staff are aware of any relevant pupil medical information and ensure that any required medication is available.
- Staff will deposit in the office a list of all pupils and staff, where they are going, and an estimated time of return.
- A mobile is taken with each group and the office have a note of the number/s.
- Appropriate personal protective equipment is taken when needed (eg gloves, goggles)

## Appendix 2 – Emergency Procedure

The school's emergency response to an incident is based on the following key factors:

1. There is always a nominated emergency base contact for any visit (during school hours this is the office).
2. This nominated base contact will either be an experienced member of the senior management team, or will be able to contact an experienced senior manager at all times.
3. For activities that take place during normal school hours, the visit leadership team will be aware of any relevant medical information for all participants, including staff.
4. For activities that take place outside normal school hours, the visit leadership team and the emergency contact/s will be aware of any relevant medical information and emergency contact information for all participants, including staff.
5. The base contact/s know to request support from the local authority in the event that an incident overwhelms the establishment's emergency response capability, involves serious injury or fatality, or where it is likely to attract media attention.
