

Dear Eagle Class of 2019-20,

Well the year drawn to an end now but it has been one crazy year. I want to say that I am so very proud of every single one of you for showing your relentless determination to do well despite all the challenges faced. You have made so much progress in such a short space of time. I have loved getting to know each and everyone of you. The way you look out for one another is remarkable and it just shows the respect, love and generosity you all have within you. Never let that go!

As well as learning everyday, we have had so many laughs together in class. The memories I take away with me is the uncontrollable laughter we had at the weird noises and faces some of you made and pulled, I'm sure you all know who I refer to. The way you worked so well in your groups as you always were able to help each other out so naturally. The words of encouragement you gave to one another when difficulties were faced. The screams at the sight of pigeons... I'm sure none of us will forget that particular phobia that one member of Eagles had!

You as a class oozed in artistic talent, you showed me beautiful, intricate designs created as well as wonderful home projects that you made. The love of reading some of you displayed is something that is so precious. I highly encourage you all to continue reading well into secondary school and adulthood as the learning never stops.

Amongst our Eagles, there were some cheeky chappies that I need to mention. I haven't forgotten some of the excuses you had ready for me 😊 We also had sensible children who were always ready and focused for the learning. Some great class helpers too. I must say Eagles, some of you found any excuse to leave your seats to have a sneaky chit-chat with your friends, it didn't go unnoticed!

Well Eagles, there is so much more that could be said but I wish you all the very best of luck. Follow your dreams, stay focused in your education, and remember what your end goal is. You all are so incredibly smart, continue having faith in yourselves, nothing is impossible if you try. Never give up! Go and make that dream a reality!

Yours sincerely,

Shazna
