Tapp Street

London

July 2020

Dear Robin Class,

It is the end of the summer term and the school year is drawing to a close which means that you have finished Year 5 and will be moving into Year 6. I would like to take this opportunity to say goodbye to you and wish you all the very best over the next months.

I have definitely enjoyed being your teacher; you all helped to make Robin Class such a fun and happy place this year where there was such a positive learning environment. This was due to the fact that you did so well coming together as a new and bigger class; it was lovely to see how you bonded and helped each other. Also, I was very impressed by how you, the children in Robin Class, love to learn.

You worked hard in the first half of this year at school but when you return in September, you will have to work even harder. I know it has been an unusual time for everyone and coming back to school will be daunting but we are all going to be in the same situation; we are going to have to try our best, support each other and be positive. It will be brilliant to have you and everybody else back ready to start a new school year.

Thank you for your part in being a great class and I look forward to seeing you in September. Good luck in Year 6. Take care.

With warm regards,

Jo

P.S. I have told Haleema and Shazna that you are all horrible 😊
