**Reading Challenge:** Who would you like to be and why?

I would like to be Matilda. As she seems so free and at any time can walk into this world of imagination. She is exceptionally smart despite her horribly ignorant parents who would not even let her pick up a book. Matilda also has these psychic powers where she can move things with her mind. She will stand up for fairness and justice she will not tolerate miss Trunchbull's behavior towards children. That is why she is amazing.

Book: Matilda

Level One

Skill: g. What you like about the book.

I like that Matilda had a very mean dad and that his new hair was made fun of by his own daughter and his hair had little bits that look like insects on his head. And I felt so sad for him as his hair was stuck to his hat. He was so humiliated when Matilda made fun of his hair and that he got angry.
