

My dear friend,

What a day it has been! You must visit me here in Baghdad. It is the most wonderful place.

Baghdad is where all the traders from Europe, Africa and Asia sell their goods at our markets. I wish you could see our

Main library in Baghdad which is called Bayt alhikma, meaning the house of wisdom. This is where all the scientific and

Mathematical works are stored. You can study and learn so much with all the resources you need. It is where people led

Spiritual existences with their lives and with our mosque centred at the heart of our round city.

Hopefully one day you'll get to come and visit me in Baghdad soon.

Hello dear friend

You must visit me here in Baghdad.

There are so many sights and

things to do. You could stop by

at a market and buy something

or you could go to school. Studying

is very important if you want a

job. I go to school everyday apart from

fridays, Saturdays and Sundays so it

means I am very busy. You could

come and go sight seeing in the form

a high rock and see beautiful

mountains and wonderful roads. Believe

if you ever arrive me if you ever

arrive in Baghdad you will love it.

We also have mosques where we

pray and libraries. Libraries were

where we can get books. Hope you

like it. It go you ever come.
