

Dear friend,

It's been a long time since we've written to each other, so i thought i 'd write to you to see how everything is going, so how are you and the family doing?

By the way, I wanted to say Baghdad is beautiful and a harmonious environment. Additionally, the food here is amazing, I wish i could send some to you! Also I met Al- Zahrowi and showed me some of his surgical equipment.

I have some facts for you, Baghdad was built in AD 752 by Caliph -Al-Mansur as the new capital city of the Islamic empire. Did you know it was built in a circle about 1km in diameter with mosques and guard headquarters in the centre, houses were built around the city halls. Forgot to say that fortunately Baghdad is close to water and is quickly becoming an established trade routes. As I stroll with my guide, the calm sun kissed breeze caresses my skin, making me want to go to a slumberous sleep!! Do you know there is a major road through the city and I have spotted many traders setting up markets there.they have the most gorgeous scented perfumes!!!

Well I have to stop talking, I am afraid because I have a meeting with Baghdad's Sultan- Abu Sa'id Bahadur Khan-. Wish you were here.. Talk with you soon...

Bye....

Lots of love

Anjum
